Update – January 17, 2007

We are pleased to announce that our new Castleridge Plaza clinic was built for our first fully filmless environment (with the exception of mammography), supported by state-of-the-art Phillips, Kodak and General Electric equipment.

The following RCA clinics are now operating in this new digital environment:

- Crowfoot Business Centre
- Sunpark Professional Centre
- Market Mall Professional Centre
- Calgary Eaton Centre

South Calgary Health Centre – Diagnostic Imaging Specialists Calgary (DISC) *services provided in conjunction with EFW Radiology*

We will continue to inform you as changes and updates occur regarding this very exciting initiative.
