MAYFAIR DIAGNOSTICS CASTLERIDGE NOW OFFERS ELASTOGRAPHY

We are pleased to announce that we have increased the availability of our liver elastography services. This includes extending the availability of this exam to our Castleridge location. Your patients can now receive this imaging at three Mayfair Diagnostics clinics in Calgary:

- Castleridge
- Coventry Hills
- Mahogany Village

In addition, we will be introducing elastography at our Market Mall location from April 2023. Look out for more information about this closer to Spring 2023.

This exam assesses liver fibrosis for patients with suspected or diagnosed nonalcohol-related fatty liver disease (NAFLD) or other indications. You will be provided with a detailed diagnostic imaging report, which will outline the radiologist's findings and recommendations for follow up.

To order this service, use the Mayfair Diagnostics General Requisition form and check off "Liver Elastography" under the heading "General Ultrasound."

Please fax the referral form to 403-777-3001 or call the Mayfair Diagnostics booking line at 403-777-3000 and press 2 for the physician line.

If you have questions or concerns, please contact BD@radiology.ca.
